

## 5.5. Parking spaces

### 5.5.1. Regulations for the usage of the rental parking spaces/ multi-storey car park

#### 5.5.1.1.

The publicly accessible parking spaces are subject to a rental fee. Please refer to paragraph 5.5.3., as well as the displays in the car park for the amount of the rental fee.

#### 5.5.1.2.

Upon entering the car park, a parking ticket is to be withdrawn from the machine at the barrier and is to be retained. On withdrawal of the parking ticket a rental agreement for a vehicle parking space is entered into. Guarding and safekeeping are not subject matter of this agreement, the Flughafen-service Gesellschaft mbH (FSG) does not assume any responsibility concerning this matter.

#### 5.5.1.3.

The due rent shall be paid upon collection of the vehicle.

#### 5.5.1.4.

The vehicle will be handed over to the owner of the parking ticket. In the event of loss of the parking ticket, the renter (parking customer) has to verify his legitimacy for the collection of the vehicle by presenting official ID and the car registration documents or, if that person is not the vehicle owner, is required to present written power of attorney. The calculation of the rental fee shall in this case be based on the date of departure on the flight ticket. Otherwise, the rental fee for at least 1 day shall be charged, unless the renter provides proof of a shorter parking duration or the rentor provides proof of a longer parking duration.

#### 5.5.1.5.

FSG shall only be liable for non-accidental damages caused by FSG or their employees.

#### 5.5.1.6.

The liability commences upon parking the vehicle in the parking space and ends upon leaving the car park. Any damage is to be reported to the car park service prior to leaving the car park. FSG shall not be held liable for damages arising from other causes, e.g. damage, destruction or theft due to actions of third parties.

#### 5.5.1.7.

Vehicles may be parked in the marked parking spaces only. Vehicles parked outside marked areas will be removed at a charge and at the owner's risk. German traffic regulations apply in the car park.

#### 5.5.1.8.

According to legal provisions, vehicles without an official number plate, unregistered vehicles and vehicles parked for more than 6 months may be sold or auctioned. The renter or vehicle owner is entitled to the proceeds

minus incurred costs and rent. The proceeds shall devolve to FSG if not claimed by the renter/ vehicle owner within one year of the sale or auction.

#### 5.5.1.9.

Renters, vehicle owners or third parties may not undertake advertising actions of any kind other than vehicle wraps in the car park, unless permission has been given in writing by FSG or Flughafen Leipzig/Halle GmbH at a charge. Parking vehicles fitted with advertisement constructions is not permitted.

#### 5.5.1.10.

Instructions from the car par service must be observed.

#### 5.5.1.11.

In the event of imminent danger, FSG is authorised to remove the vehicle from the car park.

#### 5.5.1.12.

The airport terms of use apply accordingly. Place of jurisdiction is Leipzig, as far as no compulsory legal regulations contradict this.
